ABOUT ME

I'm an aspiring Full Stack Developer with a passion for learning and a diverse set of skills. I'm excited to explore new opportunities where I can apply my expertise and continue to grow professionally. I'm confident in my ability to create dynamic and responsive user interfaces, build scalable and efficient server-side applications, and design and manage data effectively. I'm eager to contribute my skills to projects that push the boundaries of innovation, and I believe I can make a meaningful impact and thrive in a dynamic team environment.

EDUCATION

SSC from Naran Lala School.

Diploma in Electrical Engineering from Govt. Polytechnic Navsari (final year dropout).

Diploma in Web-Application Development from IIHT (Navsari).

CERTIFICATES

Diploma in Web-Application Development

WORK EXPERIENCE

Fresher

- Completed multiple projects showcasing responsive web design and user-friendly interfaces.
- Developed responsive web applications using Html, CSS, JS and Bootstrap.
- Demonstrated ability to implement modern design principles and animations to enhance user experience.
- Basic understanding of PHP and MySQL for server-side scripting and database management.
- Developed small-scale projects to understand backend functionality, including user authentication and data manipulation.
- Quick learner with a passion for staying updated with emerging web technologies.
- Proactively seek opportunities to expand skill set through online tutorials, documentation, and practical experimentation.
